**Avuyile Kewana** is a highly motivated and dedicated individual who is deeply passionate about urban sustainability. She offers technical input and support in implementing low emission strategies, carbon reporting and development of greenhouse gas inventories for cities. Prior to joining ICLEI, Avuyile worked as a Renewable Energy and Energy Efficiency Assistant Intern at the City of Cape Town and as a Sustainability and Green Building Intern at Ecolution Consulting. Her ability to prioritise work within an overall project schedule make her a valued member of the Urban-LEDS II, Building Efficiency Accelerator (BEA) and OPCC project teams.
